The Smartest Choice for System Upgrade

Dedicated to providing high quality products for the budget minded consumers, Velox V55 is positioned as one of the most cost effective models. Velox V55 feature the latest SATA III 6Gb/s interface with an impressive read/write speed. Offering incredible performance at a surprisingly affordable price, it is no wonder that V55 is the smartest choices for users who are looking to upgrade their system to a SSD.

SATA III Performance

V55 is designed for users looking for a high performance solution at an affordable pricing. Its remarkable read and write speeds are twice the speed under the SATA II interface and over four times faster than that of the traditional hard drive.

More reliable and durable

The Velox V55 is more reliable and durable than a hard drive. It contains no moving parts, making it more resistant to shock and vibration.

Features

- SATA III 6Gbps backwards compatible with SATA II 3Gbps
- Smartest Choice for System Upgrade
- Super-high transfer rate: Read speed: 520 MB/s max; Write speed: 460 MB/s max
- Supports TRIM command and Garbage Collection technology
- NCQ and RAID ready
- Implemented with ECC technology to guarantee data transmission reliability
- Built-in with SMART monitoring system
- Low power consumption
- Shockproof & Anti-Vibration
- Noiseless operation, no latency delay and no seek error
- 3 year warranty

*Transfer rates may vary, depending on system platform.

Specifications

- Capacity: 60GB/120GB/240GB
- Dimensions: 100mm x 69.85mm x 9mm
- Weight: 79g
- Vibration Resistance Test: 20G
- Shock Resistance Test: 1500G Max
- Color: Black
